

## IN-ROOM EVENT PROGRAM

# Highlight Your Event!

In collaboration with the Hilton Chicago, Hotel Communication Network is launching the first ever in-room event broadcasting network with the installation of its always-on 22" touch-screen in every room in this hotel. The in-room Navigator will greet your attendees with your personalized welcome message, event details, photos, and provide for special messaging to your block of rooms. Perfect for all types of meetings and conferences. Reach out with a special in-room welcome that they will always remember.

The Navigator is on all day long. Send a message, an alert, last minute changes or just a thank you for attending

Personalized welcome message greets your attendees as they enter the room

List times and places for your meetings, special messages, etc

## Make the most of your event!

**Your Event Package:** Choose the package that best suits your needs and simply provide us with finished artwork or just text and photos. Nothing could be simpler and yet so exciting.
